

**Model 6510
Electronic Control Base**

This state-of-the-art unit was especially designed for the discriminating boat owner who demands both durability and reliability. The 6510 is compatible with most Kobelt electronic control heads, allowing you to configure the control head to virtually any combination. The LED indicator light and sleek polyester buttons are user friendly and give the control head a look that ties into any wheelhouse décor. Shown above with model **6555** electronic control head.

6510 base works with your choice of the following control heads:

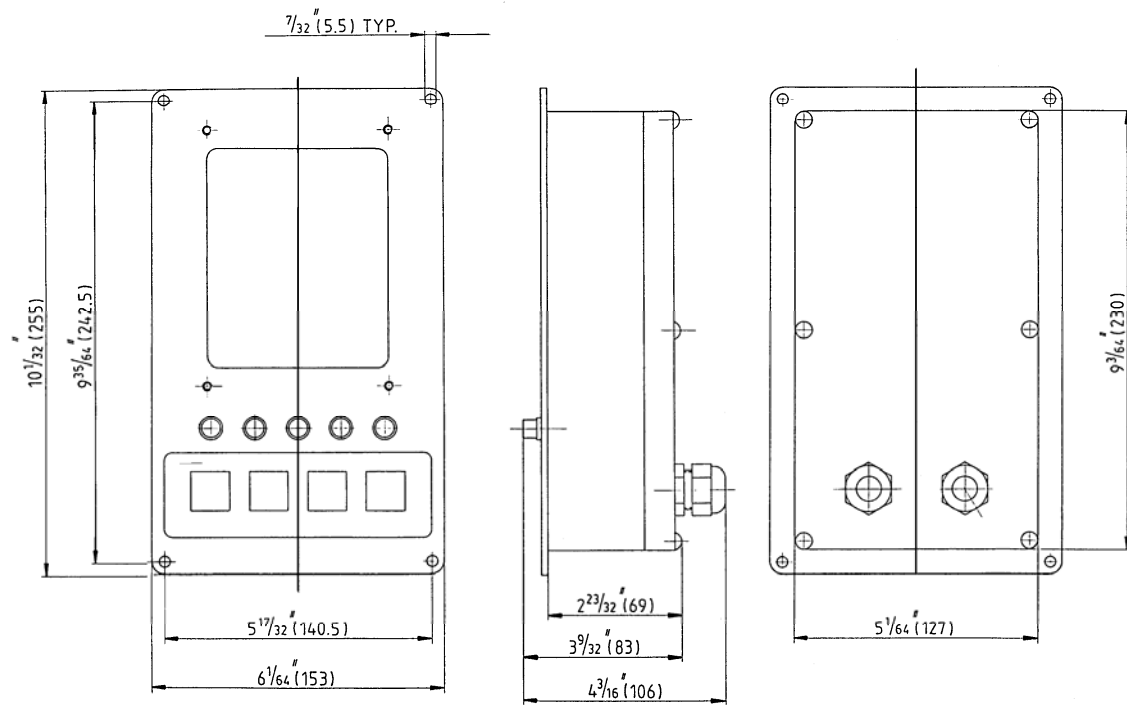

6515
6523
6545
6555
